

<https://sr6792.github.io/Calorie-Tracker/>

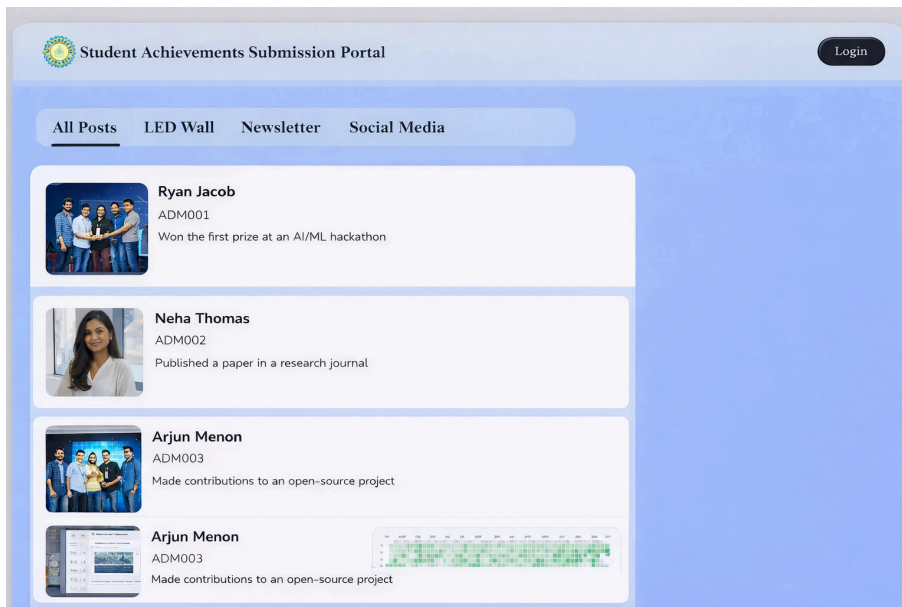

The image shows a web application titled "Calorie Tracker" with a white rounded rectangle centered on a red-to-orange gradient background. Inside the rectangle, the text "Enter the Food" is displayed above a search bar. The search bar contains the placeholder text "e.g., Apple, Chicken Breast" and a "Search" button. Below the search bar, it says "Total Calorie: 0".

<https://sr6792.github.io/MedIQ/>

The image shows a web application titled "MedIQ" with a white rounded rectangle centered on a green background. Inside the rectangle, the text "Your Personal Health Assistant" is displayed above a search bar. The search bar contains the placeholder text "Now Enter Your Symptoms(For eg Cough, Fe)" and a search icon. Below the search bar, the text "How It Works" is displayed, followed by two columns of text: "Enter Symptoms" (Type in your symptoms to get an analysis) and "Get Results" (View Possible Diseases).

<https://sr6792.github.io/StoryStream/>

The image shows a web application titled "Student Achievements Submission Portal" with a light blue background. The header includes a logo, the title, and a "Login" button. Below the header, there are four tabs: "All Posts", "LED Wall", "Newsletter", and "Social Media". The "All Posts" tab is selected. Below the tabs, there are four achievement cards. Each card features a profile picture, a name, an ID, and a description of the achievement. The first card is for Ryan Jacob (ADM001) who won the first prize at an AI/ML hackathon. The second card is for Neha Thomas (ADM002) who published a paper in a research journal. The third card is for Arjun Menon (ADM003) who made contributions to an open-source project. The fourth card is also for Arjun Menon (ADM003) who made contributions to an open-source project, with a small image of a code editor.
